REPORT OF THE PLANNING BOARD

Your Planning Board has devoted considerable time to studying the resources and long term trends of your community and the area in order that intelligent plans can be developed to insure orderly growth and best use of these resources. Such planning now can do much to retain the individual character of our community 10 and 15 years from now, to conserve and improve the value of homes, which represent the major portion of individuals' savings, and to keep property taxes at a reasonable and equitable level.

Pursuant to authority granted the Planning Board to regulate the subdivision of land by vote of Town Meeting in 1957 public hearings were held and regulations adopted. These have been printed and are available from members of the Planning Board or the Selectmen.

An Existing Land Use Map of the town has been prepared and will be available for inspection and discussion on Town Meeting day.

During the ensuing year a series of hearings is planned to discuss the preparation of a Zoning Map and Ordinance for possible consideration at Town Meeting in 1960. The members of the Planning Board earnestly request your participation in planning the orderly development of your community.

GEORGIA BUTLER, Chairman

Planning Board

REPORT OF THE FIRE CHIEF

I hereby submit my report of the Fremont Fire Department for the year 1958. We had the usual number of chimney fires and were bothered considerably by the town dump's being set on fire, but we had no serious dwelling fires.

The Fire Association ran a very successful carnival last July. We feel we can give \$700.00 toward the building of an addition to our fire house, due to this carnival.

We won second prize at the Newton Fire Truck Parade again this year. Our winning truck cost but a small fraction of the cost of many of the competing trucks, but efficiency, not looks, counted.

Our projects for the coming year include the running of another carnival and building an addition to our fire house. We are grateful to Spaulding and Frost Co., for lumber, and to Mr. Chester Kinart for sawing the lumber so very reasonably, and to all who helped stack the boards.

A sad note of this report is the death of two of our members. Forrest Rand and Russell Copp were good members of our department. We will sorely miss them.

Following is a list of fires during 1958:

April 24, Brush Fire	Marian Towle Bassett
April 28, Chimney Fire	Maurice Kimball
June 14, Broken Elect. Wires	Jackethole
July 10, Dump Fire	
July 26, Chimney Fire	Kenneth Shute
July 28, Chimney Fire	Everett Spaulding
July 28, Dump Fire	Set by Fire Dept. for Safety Reasons
Aug. 5, Dump Fire	
Aug. 19, Dump Fire	
Aug. 22, House and Barn	Hampstead
Sept. 7, Dump Fire	
Nov. 20, Chimney Fire	Herman Bishop
Dec. 8, Chimney Fire	Henry Metevier
Dec. 25, Chimney Fire	Emedie Beaulieu

REPORT OF FOREST FIRE WARDEN

You Can Help Prevent Forest Fires

Twenty-five percent of all forest fires in New Hampshire are caused from careless debris burning — brush, paper, leaves, grass, etc. Most of them are started without the required permit from the local forest fire warden. The cost of extinguishing these fires annually runs into large sums of money.

According to law, responsible parties must pay the cost of putting them out. In addition, violators may be subject to court prosecution with fines running as high as (\$200) two-hundred dollars.

In the interest of fire prevention why not eliminate burning at home? Use your town dump. It has been set up for your personal convenience. It provides a suitable place for the disposal of dangerous inflammable waste material and other useless items which accumulate around the home and local stores; brush, etc. cut on your property. Eliminate the hazard of burning yourself. It will be easier for you—personally and financially.

If, however, you do burn on your premises:

1. Secure a permit from your local forest fire warden—the law requires it.
2. Be sure to properly supervise your burning. Don't leave it.
3. Make certain your fire is DEAD OUT before leaving it.

Save yourself much possible difficulty. Use your town dump

REPORT OF THE HEALTH OFFICER

I wish at this time to thank the people of Fremont for co-operating with me in keeping the Town Dump as clean as possible. The cost of maintaining the Town Dump is much lower when those who use it help in this way and by dumping where posted.

Several cases of dumping at roadside and other illegal dumping have been investigated and the responsible parties have been required to clean up the trash or face prosecution. The pride that the great majority take in their community keeps this problem at a minimum.

REPORT OF AUDITOR

I have examined the accounts of the following Town Officers: Town Clerk, Tax Collector, Treasurer, Selectmen, Trustee of Trust Funds, Librarian, and the Janitor of the Town Hall, of the Town of Fremont for the fiscal year ending December 31, 1958, and find them correct and supported by the proper vouchers.

Chairman of the School Board

REPORT OF THE SUPERINTENDENT OF SCHOOLS

Many parents have asked how homework fits into the educational picture of Fremont. Although there are many people who denounce all home assignments and will continue to denounce them, home study has had and continues to have a traditional place in our American educational system. Though it may change form from time to time and from generation to generation, it seems likely that some form of home study will be maintained. Most school systems throughout the country continue to give home assignments in one form or another.

When homework is assigned, it is important for the teacher to check upon this work, to see that it is actually accomplished, and to note that something is achieved thereby. Regardless of whether it be a home study assignment or a classroom assignment, the assignment made by the teacher must be called for by him. Little or no desirable learning is achieved when teachers make assignments and then rarely hold students responsible for them.

The amount of time that a child is expected to spend in home study varies greatly in different localities. In Fremont I believe that a maximum should not exceed two hours in the upper grades, and one hour in the intermediate grades. None should be given in the primary grades.

When homework involves writing or study, it is highly important that the child have a definite place to do it. He certainly will not get much accomplished if home assignment must be made in the family living room with other people either televiewing, listening to the radio, or carrying on different types of conversation.

Once the child realized that homework is his own responsibility, it will be wiser for the parents to allow him to arrange the time he wishes to provide for it, and then observe whether he holds to the time agreed upon. If the child learns to budget his time, he will see to it that the home study is not neglected.

When work is assigned to be written it is of the utmost importance that the child do the work himself, rather than copy it after someone else has worked it out for him. When the latter occurs, little, if any real learning takes place. The child only learns to get others to do his work. If the child has difficulty with a certain problem or other point in the assignment, a parent might help him over a difficulty by explaining the matter to him. This is entirely different from copying out answers worked by someone else, without understanding how they were achieved.

Homework can greatly aid in the development of the child's character and personality as well as his academic achievement. Properly assigned and properly fulfilled, home study can build habits of self-reliance and responsibility

and, when group assignments are made, of co-operation and working with others. Again, when the nature of the assignment is such as to permit it, a considerable amount of learning in related areas can be achieved.

Our school lunch program under the direction of Mrs. Kimball is one of which we can be proud. Mrs. Kimball is providing well balanced meals for your children. This is evidenced by the large number of children who partake of these meals.

In closing, I thank the children, Principal and teachers for their efforts in making the educational program successful. I also thank the Citizens and School Board for their part in making my task a pleasant one.

Respectfully submitted,

GEORGE P. SULLIVAN

SCHOOL NURSE'S REPORT

To the Superintendent, School Board Members, and Citizens:

The school health program of 1958-59 began with three pre-school clinics at the Town Hall. These were held in conjunction with the State Dept. of Health. Parents of pre-school children were given the opportunity of bringing them for physicals, various shots, and vaccination for small-pox. Attendance was good.

Eye and ear testing are nearly completed. These programs have been greatly facilitated by the up-to-date pieces of apparatus which were recently purchased by the school Union.

Opportunities for informal health teaching were taken advantage of, and home visits were made by the nurse concerning physical defects.

Commendation is due Mrs. Kimball for the fine lunch program which she is carrying on.

Mrs. Davies reserves much credit for her excellent care of the physical plant. We who are interested in the health and well-being of our children are grateful to her for her part in the maintenance of these.

The Salvation Army gave, as it has in several previous years, a contribution to the dental fund. This, with the P.T.A.'s and the state's shares, enabled a fairly good number of children to benefit. The dental program is a very worthwhile one and deserves the support of all who can give.

Parents and teachers as usual have been most co-operative, helping to make Fremont a pleasant place in which to be school nurse-teacher.

Respectfully submitted,
CONSTANCE J. HUSS, R.N.
